Remarks

This responds to the Notice to File Corrected Application Papers ("Notice") dated November 29, 2007. A two-month period for response was set, making this response due on or before January 29, 2008. Submitted herewith is a set of corrected drawing sheets "Replacement Sheets" and annotated set of the corrected drawings.

Specifically, the Notice requests correction of Figs. 1-3 and 6 as part of the drawing is truncated. Corrected Figs. 1-3 and 6 have shifted the images so that data (described in the specification) does not appear at the margin of the image. The Notice requests correction of Fig. 7 as the drawing has multiple pages without proper labeling. Each panel of Fig. 7 has been amended to add the header originally only included on the first page of Fig. 7. In addition, this figure has been amended to add a label for each panel (e.g., 7A, 7B, 7C, 7D and 7E).

This amendment is limited to correcting the informalities specifically delineated in the Notice. No new matter is added herein.

Conclusion

Applicants believe the application is ready for issuance, which action is requested. If any matters remain to be addressed, please contact the undersigned for a telephone interview at the telephone number listed below so that issuance can be expedited.
